

life

Usually I think

What is life

sometimes it seems

problems and strife

many of the times

cuts like a knife

Suffocating it becomes

as stuck in a fife

still

whatever it is

it's common and rife

LITERACY

Literacy means 'ability to read and write' the act of being educated. Literacy is an essential need for development. The countries with low literacy rate and economically, failed and their progress rate is very slow. This personality of an individual is polished if he or she decided to be educated, but an illiterate person can be disrespected in society. The value of literacy can be imaged by taking the examples of some African areas where literacy rate is much below the average. Therefore they are still working as the shakes of their countries.

Your Best

*If you always try your best
Then you always never have to wonder
About what you could have done
If you'd summoned all your thunder.*

*And if your best
Was not as good
As you hoped it would be
You still could say
"I gave today
All that I had in me."*

***Trees, they are there everyday,
And under them you can play.
Their leaves can be green,
And trees are never mean.

So just don't fray.

TREES

*I think that I shall never see
A poem lovely as a tree.
A tree whose hungry mouth is prest
Against the earth's sweet flowing breast;
A tree that mean is summer wear
A nest of robins in her hair;
Upon whose bosom snow has lain;
Who intimately lives with rain.
Poems are made by fools like me,
But only god can make a tree.*

ITS EXAM TIME

*It is exam time
Wearing question in rhyme,
Preparing just for test.
Without any break , without any rest,
The only thought that creeps in my mind.
To score high, the way I find,
Sometime I have to think
Will my hard work help me out?
It is not thehas to work,
But its also the mind that has to help,
Their working may do miracle in a hall
.....will become the reason of my care,
Lets worry and say some care,
Give a test without my fear
Just hope for the best And god will look after the rest.*

Time

*Neither yours, nor mine,
Everything gets faint,
But time always shines
Success comes to those
Who worship it as divine
Defeat knocks those,
Who take it as wine,
Time flies very fast,
Just like a new coin
To perform every action
There is a definite time,
Wastage of precious time,
Is an absolute crime.*

NATURE

God dream of capturing beauty

So, he made nature.

And gave the human duty

To preserve it for future

Beauty of Ocean

Beauty of Mountain

Beauty of seas

Like a blue field

Bird of happiness

Blossoming into fragrance of laughter

Made the earth beautiful

Enormous trees in the forest

Greenery spreading all around the earth

But, Alas greedy humans, didn't perform their duty well

And let the nature go to hell

You are valued

With a special gift for learning

And little with a heart that deeply cares.

You add a lot of love,

To everything you share,

And ever though, You mean a lot,

You'll mean a lot

You'll never know how much,

For you helped

To change the world

Through every life you touched

You sparked the creativity

In the students whom you taught

And helped them strive for goals.

That could not be taught, you are such a special teacher

That no words can truly tell , However much you are valued

For the work you do so well

(Mamta thapa—IX'B)

Father

You gave me love , You gave me time

You gave me everything.

Inside my heart, I could find.

You gave my passion,Your very soul

You gave me promises

And secrets so untold , You are like the comet

Blazing across the evening sky, You are the one

To amuse, to inspire and to delight, In my darkest hour

In my deepest despair, You will still care

Yes, you will be be there.

In my anguish and my pain , Through my joy and sorrow

I'll never let you part .For, you are always in my heart.

We could fly so high so high , let our spirit never die.

In my heart , I feel that you're my protector.

The dream we were conceived in will reveal joyful face

And the relation in which we live

Will shine always in grace.

Mamta thapa(IX-B).
